"I am impressed with the dedication of all committee members who have worked hard to make sure the success of the ISIC-TIIMI 2012 despite their full-time commitments as students. I hope they can share the experience with the next committee members so that we can continuously improve the quality and the execution of future ISIC-TIIMI events. I am also grateful to all Indonesian scholars in the UK who have helped as reviewers and a special gratitude to those who had spared some time to attend the event." –Dr. Stephan Onggo, Lecturer at Lancaster University Management School. 2. Enfin, C'etai vraiment superb" –Refi Kunaefi, Presenter 4. "I really enjoyed the academic sessions from all the presentations, It has shown that the presenters were well-prepared to confront and to discuss their ideas with senior discussants as well as the participants. The keynote speakers were well-chosen and I really impressed with the Indonesian Gala Cultural Evening. Overall the organisation from the committees was well-executed, despite some minor issues to be improved. Well done and keep up the good work and last but not least, pass this successful event to the next organizing committee in 2013. We hope that PPI UK will always be the breakthrough source and good benchmark for another PPI all over the world. JAYALAH INDONESIAKU DIMANA PUN KITA BERADA!
