Amy Nguyen (Duta AIESEC University of Southampton) Asal: London, UK Mahasiswa Program Undergrad, Chemical Science. 'As the ambassador of AIESEC in UoS, I am always interested in Indonesia. As I heard from my colleagues who spent their exchange time in Indonesia, Indonesia is a wonderful country with rich heritage. Indeed, after this event, I get to know Indonesia even better, the food, the islands, and of course the food is the best!' Genesis (Ketua Philippine Society University of Southampton) Asal: Filipina Mahasiswa Program Master. 'Regularly, I join every event by Indosoc. Last year, I also attended the same welcoming party, with different name. Yet, today is the best! I love the food as usual. I like the idea of introducing Indonesia through quiz and games. The photobooth decoration also is the best. It really resembles the unique feature of Indonesia's heritage.'
