Testimonial peserta (<i>minimum 3</i>):	“Every one of you works like different note to make a complete song. I saw you work separated task but together and you managed to complete the whole work, that's impressive!!!” –Fon Ninkhate, Thailand, PhD student in Management “It was very exciting for us to watch Indonesia student society performed Kecak dance (role play from Ramayana story). We felt like we were really in Bali when we watched it. You all performed confidently yet beautifully, we were amazed when knowing that you only had couple of weeks preparation because what we saw was a spot on performance! Good cooperation from all the performers, nice flow, it's like you had been practiced for months! Excellent teamwork, great bond, hope to see more achievements from Indonesia student society in the future. We are looking forward to seeing another event where you all take part in!” – Indah and Tim Coakley, WNI dan suami WNA yang hadir pada saat acara

	<p>“Overall, the PPI York appearance in international cultural performance is pretty good, considering all the dancers did not have a dance background. According to my friend, who watched our performances, they say that our performances really show the identity of the Indonesian people, as reflected in the simplicity of the clothes we wear.” –Dewi Rosmala, Indonesia, Ph.D Student in Education</p> <p>“The Balinese Kecak Dance was an arresting and poignant display of traditional Indonesian culture that captured the hearts of an audience seeing it for the very first time. The beautifully embellished costumes, vividly coloured masks and graceful moves of the dancers (that of the white monkey in particular) made this performance a feast for the eyes. On the whole, it was a neatly executed performance in spite of the minor technical glitch at the start of the performance.” –Sheena Kang, Singapore, BA in English Literature.</p>
<p>Komentar dan saran perbaikan untuk kegiatan sejenis selanjutnya:</p>	<p>Perlu adanya persiapan yang lebih matang untuk penampilan di tahun berikutnya. Dapat menampilkan kesenian dari daerah-daerah lainnya di Indonesia.</p>
